

COURT BOOKING

Using the Court Booking module, you can establish specific rights and privileges that are automatically enforced during the booking process, ensuring efficiency and eliminating double bookings.

CUSTOMIZATION

Court Booking allows a great deal of customization which enables the system to satisfy the specific needs of your club. From creating custom time intervals for your courts, to charge splitting, and even detailed member and guest preferences, every aspect of the system can be easily customized to meet your needs.

PREFERENCES TRACKING

Court Booking allows you to track specific preferences for both members and non-members alike. These can include items such as their preferred court type, instructor name, or even instructor gender.

ONLINE INTEGRATION

Integrated to your club systems group management system through the Court Booking module, our Online Court Booking system enables your members to book courts for themselves, other members, and their guests by way of your ClubHouse Online website.

Concentrate on serving, not booking
