

While you slept your members paid their bills!

*Great Morning!*

## Online Payments are now fast, easy, affordable and secure

Implement our new E-Payment Services today and begin getting paid tonight! With our new E-Payment Services your members will be able to pay their bills online in a secure and simple manner. This new service will enable your club to reduce lag time between billing and payments. Additionally, as more people switch to online banking they are demanding this type of service as a preferred method of payment. This equates to your club fulfilling one more member requested service.

| Features                 | Benefits  |
|--------------------------|---|
| Fast Payment             | Members can pay as soon as their bills are posted. Payments begin processing immediately reducing the 5-10 day wait period from writing of the check to fund transfer.                                  |
| Ease of Use              | This automated process provides a fast and easy user interface for your members to pay their bills online. Often payments are made in less than two minutes making this the preferred method of choice. |
| Secure                   | Besides deploying the highest encryption security available, your club can be confident because this service is NACHA and Reg E compliant.  |
| Multiple Payment Options | Your membership can choose their preferred payment option: be it credit card, debit or e-checks.  |
